VOL. XIII THE MIDDLEBURY CAMPUS, WEDNESDAY, OCTOBER 3, 1917 No. 13

SEVERAL ADDITIONS TO TEACHING STAFF

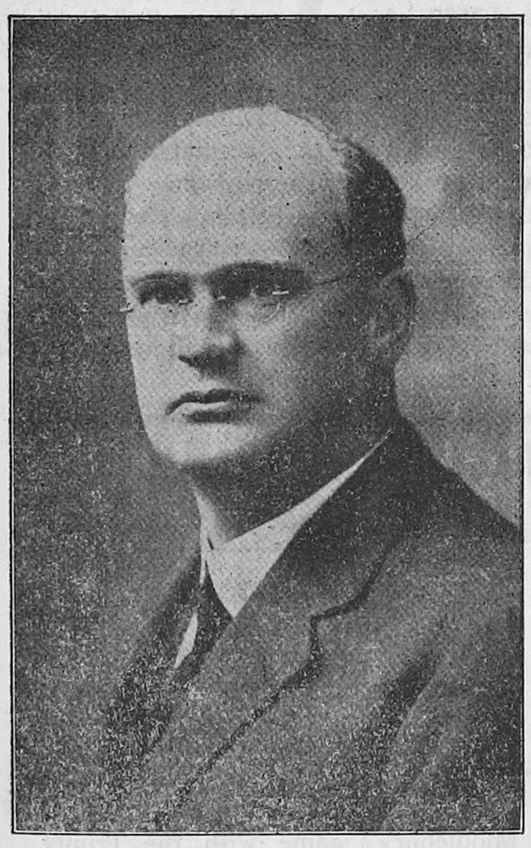
Numerous Departments Affected by Readjustments in Faculty Membership

Middlebury's faculty has undergone several changes this fall which have involved a certain amount of readjustment in the departments of Economics, History, Biology, Philosophy, Romance Languages, English, and Physical Education. The loss of Dr. G. Watts Cunningham, who is now head of the department of Philosophy at the University of Texas, has left the same department here to Dr. Vernon C. Harrington. Mr. Davison is giving the course in Public Speaking formerly conducted by Dr. Harrington.

Professors Abbott and Lawrence are each offering a course in Economics. Professor Morgan has been granted a large fellowship in the field of Economics at Columbia University.

Following is a brief statement concerning our new instructors:

Dr. Jacob J. Ross has been engaged to take charge of the courses in Physical Education for men and to assist on the athletic field. He has been a practicing physician and for a number of years physical director at Syracuse University.



DR. JACOB J. ROSS

Middlebury welcomes Wayne M. Haller to the Department of Romance Languages as Instructor in Spanish and elementary French. After Mr. Haller's graduation from Middlebury in 1915, he went to Mercersburg Academy where he held the position of preceptor of French and German. The following year he was at the head of the Department of Modern Languages in St. Johnsbury Academy. He has studied in the Middlebury College Summer School of Modern Languages, both French and Spanish. Mr. Haller is a member of the local chapter of Delta Upsilon and of the Phi Beta Kappa society.

MIDDLEBURY ENROLLS 292 STUDENTS

War Causes Falling Off of Eighty in Total Number

Following is an incomplete list of the newly enrolled students of 1921. There is a considerable falling off in the number of returned students in the men's college due almost enterely to war conditions. The enrollment for the men's college is as follows: 1918, 22; 1919, 23; 1920, 49; and 1921, 48. The women's colllege fared better. The seniors registered 35; the juniors, 38; the sophomores, 31; while the freshmen total 46. The total registration for men is, therefore, 142, and for women, 150.

The names not appearing in this issue will be included in the next, together with a complete list of the students who have returned.

JAMES C. HARVEY '81 DIES OF HEART DISEASE

Won Fame as Actor, Author of Fiction and Patriotic Verse

James Clarence Harvey, actor, poet and playwright and widely known in theatrical circles, died yesterday afternoon in the Stern Sanitarium at West End avenue and Seventy-seventh street. Mr. Harvey had been suffering from a tumor for some months, and last Friday his condition became so serious that he was removed to the hospital from his home in Sixty-eighth street and Central Park West.

Mr. Harvey was born in Danbury, Conn., on April 20, 1859, and was educated at Middlebury College, in Vermont. He came to New York immediately after his graduation and joined the staff of The Century Magazine, later resigning to join Frank Chanfrau on the stage, making his professional debut as Kit in "The Arkansas Traveller." He afterward joined Oliver Doud Byron's company, playing five parts in "Across the Continent", and then became associated with Arthur Rehan, who was one of the managers for Augustin Daly. He played with Mr. Rehan for three years, appearing in 'A Night Off", "7-20-8", "The Passing Regiment" and other plays. An engagement with Frank Mayo in "The Royal Guard" followed, after which he became the literary adviser to the U. S. Book Company.

Mr. Harvey was the author of twenty-two books of fiction and verse, and of late years had published Flowers and Fruits, a weekly trade paper. Plays written by him included "Between Matinee and Night", a one act play produced by Rose Coghlan in 1911, and one act plays entitled "The Chance of the Season", "The Quest of the King", "The Daughter of the Desert", and a burlesque on "D'Arglon," which was used by Marie Dressler. He also collaborated on "The Great White Way" and "The Wife Tamers", and wrote "The Grape Girl", with music by Gustave Luders, and "The Great Name", which were produced in 1910.

A few months before the war began Mr. Harvey wrote a poem, "The Navy", which was widely copied throughout the United States and for which he received a six page letter of appreciation from Theodore Roosevelt. He also wrote "The Army", "The Conquest of the Air" and "The Submarine", which poems attracted much attention. He was an intimate friend of Robert Hilliard and other prominent actors.

Mr. Harvey's body will lie in state in the Campbell Funeral Church until 10 o'clock Tuesday morning, when the funeral will be held. The pallbearers will include Mr. Hilliard and Roland White.

The Effects of Rushing

The "rushing season" closes tonight both for the men and women. All who are immediately concerned will enjoy the relief from mental strain and anxiety. There is another aspect, however, which is far more serious and permanent in its results than mental strain and anxiety, yet it is most often lost sight of. Indeed, it is of such a nature that we wonder why the administration has taken no definite action in the matter.

The freshman entering Middlebury, if he or she possesses anything of that most desirable stuff called "fraternity material" is met at the depot, or later on the campus, by the Fraternity System, which personage conducts him in a most pleasing and enjoyable manner, through our halls of learning where he is to receive the inspiration for grappling life's problems in the future. For two weeks the newcomer is impressed by the predominant interest among the upperclassmen in fraternity affairs, and the main purpose for which we are supposed to be giving four of the best years of our life, mental development along prescribed lines, is subordinated to it. The logical result obtains, and the unsophisticated student finds himself at the close of the rushing season seriously handicapped and often hopelessly behind in his studies. How could it be otherwise? A freshman can not be expected to overreach the ideals set by the upper classes. Indeed, this system affects them only to a slightly less degree. Surely there is a remedy for this evil, which will be found if we are willing to force the issue squarely and honestly.

Any system which is so demoralizing in its effects can never be permanent until it is adjusted to conformity with the ideals of the institution.

Our Call to Service

Many of our boys have already felt this call and have gone forth to fight, perhaps to die that this world may be safe for democracy. We too have our call. Have you heard it? Middlebury is calling to her students for earnest and loyal support in this her time of trial. We are smaller in numbers than for several years past, due to the fact that many Middlebury men are in the service of their country. We are in the service of Middlebury College and it behooves us to give our utmost to her. Our efforts must be redoubled for we who are left have not only our own work to do but that of those who have enlisted in the service of the United States. In athletics, for instance, if you have any ability in that direction whatsoever, come out and do your bit. If you can't make the team yourself, you can at least help that team to victory by offering yourself as practice material. In the classroom you can raise the standard of your work thereby helping to raise the standards of the college as a whole. Call on that lonely student who is shy and finds it a bit hard to get acquainted. Make him feel that he has a definite part in the life of the college and that we couldn't quite get along without him. Lastly, let us give whole-hearted support to the work of the war service committee. They are giving their time and thought to the comfort and happiness of Middlebury men already in the field. We are proud of these boys and we want them to feel that Middlebury College is backing them with all her strength.

Middlebury has sent forth her S. O. S. Let every man and woman rally to herside.

Hyde and Esten Sail for France.

Harry W. Hyde and R. Douglas Esten have sailed for Breste, France, on the U. S. S. Bridge. The following letter, received by The Campus on October 1, tells of their departure:

September 29, 1917.

Dear Dick:

Will you please wish all my friends, students and Professors of Middlebury farewell. I am leaving today for Breste, and expect to do duty on ships in foreign service until the end of war. "Doug" Esten is with me and we are both going away, feeling safe in the hands of Uncle Sam. Goodbye and good wishes for a successful year at "Midd."

Your fellow student,

HARRY W. HYDE '17

Why Not the Women?

We of the men's college are at various times urged to appear at athletic contests and support our teams by our cheers and songs. Why confine this privilege to the men of Middlebury? It would not be a very difficult matter to double the number of voices which respond to a particularly good play on the gridiron or which assist the players at times when the defenders of the blue and white are being hard pressed.

The women follow the game as keenly as do the men. They show their interest by their constant attendance. The college is their interest as much as ours. When we practice our yells on the chapel steps why not have the entire college participate?

In high schools the girls enter eagerly into the support of the contestants. When they become members of a college there is no reason why this practice should be abolished. We are all students in Midd. The football eleven represents our Midd. Let's all get together and support it on the field.

SONGS AND YELLS

A complete list of songs and yells which are customarily used by the undergraduates is published herewith. All freshmen will be held responsible for these and they should be committed to memory without delay. It is expected that every upper classman will familiarize himself with them if he has not already done so.

It has been announced that these yells will be frequently practiced, and we should assume the responsibility for making them as effective as possible at all 'varsity contests.

The Cheer Song

Tune, Trio W. M. B. March, R. B. Hall.

Cheer, give three cheers for Midd, boys;
Shout, if you ever did;
The blue and white
Are out for fight,
And we are bound to make a touchdown.
Shout, shout, and make one big noise;
Fight, fight, with all your might, boys;
Midd has the stuff,
And Midd sure is going to win.

Football Song

March, march on down the field
Fighting for dear old Midd,
Rip up their tattered lines
And circle the ends;
Give three cheers for Bower's men
They're out to win the game,
U. V. M. may fight to the end
But Midd will win.

Victory

Victory! O Victory!
Thy loyal sons will bring to thee;
Onward, onward ever to fight,
And ever to keep thy colors bright,
The blue and white will wave o'er friends
Whose hearts are true,
Are true to thee for aye—
Then ever, forever, old Middlebury,
Forever victory.
Rah! Rah!

Middlebury! Middlebury!

Middlebury! Middlebury!
O, how I love that College on the Hill!
O, how I love that College on the Hill!
Middlebury! Middlebury!
All hail to thee!
All hail to thee!
Hail to the College of my heart.

Rallying Song

On this far-famed field of battle
Many a conflict time has seen,
Here our chosen bravely ever
Strive to keep our laurels green.

Chorus

Cheer them on, our boys, forever,
Champions of the white and blue;
Loyal ever, be our watch word,
Middlebury—here's to you!

To the college that we cherish
May your valor bring renown,
By your strength and dauntless courage
Win her many a victor's crown.

Onward, then, let no man falter,
Nobly act your glorious part
For "Old Midd" and for our honor
We are with you, mind and heart.

Out upon the world's arena
Grander strength be yours to wield,
Springing from these days of trial
On this fair old college field.

Fifty Dollars, for Fifty Books, for Fifty Middlebury Men

At the request of the United States Department of War, the American Library Association has undertaken to provide libraries to our fighting forces at the front, in cantonments, in training camps, and on board the troop ships. This will be made possible by a $1,000,000 Library War Fund, which is the only way for making sure that each man not only receives the one book which can be purchased and maintained with the dollar contributed by relatives or friends, but that he shall secure another book when he has read the first one, and so on throughout the entire period of his service.

There are about fifty Middlebury men, members of the classes of 1917, 1918, 1919, and 1920, who have given up all their private interests to help keep this world a pleasant place to live in. They will have many homesick, lonely hours to endure before this purpose is accomplished, and some of the pleasure they crave at such times can be furnished by books. The present students of the college can surely do no less than to make prompt and generous response to the opportunity that will be given them to contribute toward this fund.

Midd vs Amherst on Saturday

Middlebury's game with the Trinity College football team for last Saturday was cancelled by the latter team. Westpoint would have been glad to meet the Middlebury team on that date, but Coach Murch felt that the defenders of the blue and white were not yet strong enough to meet so formidable an opponent.

In spite of the fact that much difficulty has been encountered in getting a large squad of men to report for practice each day, a good team has been picked to face Amherst in the opening game next Saturday at Porter Field. Much interest will be manifested in this first contest for the general opinion is that this year's eleven will be even stronger than the state Championship Team of last year.

Everybody out Saturday and help old Midd come across in good fashion!

Gym Reception

The usual reception to the entering class under the auspices of the Y. M. C. A., the Y. W. C. A. and the Union was held in the McCullough Gymnasium Wednesday evening, September 26. In response to President Thomas' request, practically every student in the college was present. Two new features were introduced this year. One very favorably received by the students was dancing. To those who prefer the wagging of feet to tongues it was especially welcome. A new method of announcing the numbers on the programme was also employed. A large calendar was hung on the wall to the left of the stage and a sheet was removed after each number. The programme read as follows:

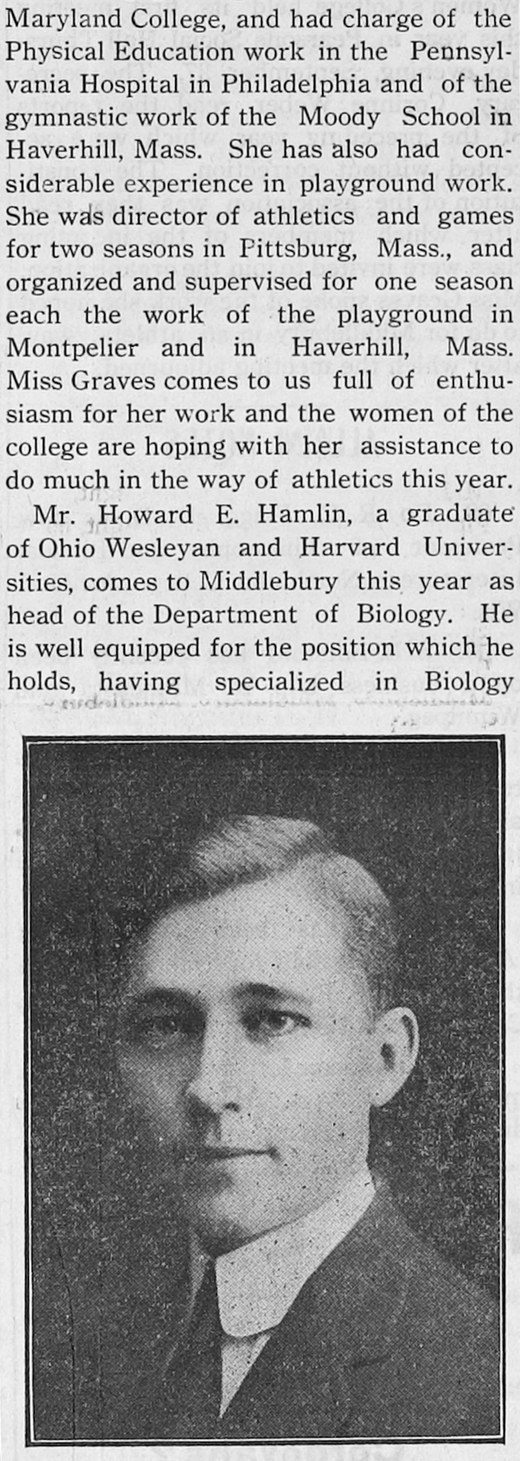
ADDITIONS TO TEACHING STAFF

(Continued from Page 1)

We are very glad to add to the list of our faculty the name of Florence Louise Graves, the Assistant Dean of Women and Instructor in Physical Education for Women. Miss Graves is a graduate of the Bridgewater State Normal School of the class of 1909. After graduation Miss Graves continued her studies in the Boston Normal School of Gymnastics and in the Department of Physical Education of the Harvard University Summer School. Miss Graves also has credit for two years work at Columbia University. She has taught in the public schools of Haverhill, Mass., held the position of Director of Physical Education and Head of the Drawing Department in connection with the Pedagogy Department of Western Maryland College, and had charge of the Physical Education work in the Pennsylvania Hospital in Philadelphia and of the gymnastic work of the Moody School in Haverhill, Mass. She has also had considerable experience in playground work. She was director of athletics and games for two seasons in Pittsburg, Mass., and organized and supervised for one season each the work of the playground in Montpelier and in Haverhill, Mass. Miss Graves comes to us full of enthusiasm for her work and the women of the college are hoping with her assistance to do much in the way of athletics this year.

Mr. Howard E. Hamlin, a graduate of Ohio Wesleyan and Harvard Universities, comes to Middlebury this year as head of the Department of Biology. He is well equipped for the position which he holds, having specialized in Biology



MR. HOWARD E. HAMLIN

throughout his college and postgraduate course. During his junior year at Ohio Wesleyan he was assistant in the department of Zoology, and at the time of his call to Middlebury he was instructor in Physiology at Simmons College, Boston. For the course in Advanced Physiology new and up-to-date apparatus has been obtained, which makes possible investigation according to the latest scientific methods.

Mr. R. M. Naylor, Yale '15, comes as assistant in the Department of History, with a high recommendation from his college. In preparation for his work as an instructor in history he pursued two years of postgraduate study at Yale and during that time was assistant in Instruction and in Administration. The courses in American and English history are under his direction.

Union Meeting September 27

(Continued from page 1.)

cil which was laid on the table at the final meeting in June, was first taken up. Mr. Buffum and Mr. Gorham introduced a new plan of election which met with approval and has been carried out. In order to have the choices made in a more careful manner, it was agreed that a committee, consisting of Danolds, Huntley, and Buffum, nominate two senior members from each fraternity and two from the neutrals. The committee posted the list of nominees on the college bulletin boards, and last evening the Union elected one member from each fraternity and one at large to make a council of seven. The results of the election will be announced in next week's Campus.

The matter of membership dues was discussed, and after the meeting the finance committee decided that attendance at subsequent meetings be dependent upon the payment of the semester dues. The residences of men are at present being canvassed by members of the finance committee.

Britton Everitt was elected to the position of head cheer-leader fo fill the vacancy made by the graduation of Lee. Everitt requested that several men appear to tryout for the position of assistant cheer leader. At his request The Campus this week publishes the songs and yells so that all who are not familiar with them may have the opportunity of learning them.

SECOND TEAM VS. T. C. A.

T. C. A. Defeated by Seconds 61-0

Middlebury's second eleven defeated the Troy Conference Academy football team Saturday afternoon by the score of 61 to 0 in a one-sided contest at Porter Field. The Middlebury aggregation were constant ground gainers while T. C. A. was quite often forced to punt. The visitors put up a good fight, but their opponents were a much stronger team. Farnham made the first touchdown of the game on a 30 yard run, and later made a run of 40 yards for another tally. Ross was the heaviest scorer of the game with four touchdowns to his credit, the last one being made in the last few minutes of play when he intercepted a forward pass on the 30 yard line and ran the ball through the entire visiting team. Both sides showed good team work, and the game, although one-sided, did not show the usual raggedness accompanying the first game of the season.

Captain Bower had charge of the team and used all of his available men for the purpose of getting a line on new ones to fill the vacancies in the first team satisfactorily before the Amherst game next Saturday.

The line-up:

T. C. A.		Middlebury 2nd.
Titus	r.e.	Aines, Plumb
Green	r.t.	Anderson
Carmody (Capt.)	r.g.	McCree, Bolivar
Frazier	c.	Dake
Sanders	l.g.	Dixon
Bohm	l.t.	Myrick
Hughes	l.e.	Murnane, Drew
Leonard	q.b.	Parker
Schiff	f.b.	Keppler
Thrall	l.h.	Farnham, Whitney
Bethel	r.h.	Ross

Score: Touchdowns—Farnham 2, Ross 4, Whitney 2, Aines.
Goals from touchdowns—Keppler 7.
Referee—Brewster.
Umpire—Gorham.
Head linesman—Mason.

Side Remarks on the Gym Reception.

Of course we don't know where Dr. Lawrence spent the summer but if one might judge from his remarks concerning President Thomas, he must have been traveling in Ireland and we expect he visited the Blarney Stone.

Why, oh why does Prexy insist on making unflattering remarks concerning Professor Bentley's courses in which so many of us are majoring?

The first Y. W. C. A. meeting of the year was held in the Hemicycle at 4:45 o'clock, September 27. Ruth Hesselgrave led the meeting and music was furnished by Marguerite Jones and Marion Dean. The purpose of the meeting was to inform the freshmen of the work of the association, preparatory to inviting them to membership. To this end each committee chairman spoke of the work of her committee, what it had done in the past and its plans for the ensuing year. Louetta Haynes spoke of plans made by her as Annual Member and Ruth Holland told of the work of the War Service Committee and its relation to the Y. W. C. A. The Y. W. C. A. wants to make this an epoch year in the history of the Middlebury Association. Plans are now being discussed in the cabinet, which, it is hoped, will stimulate a greater interest not only in the weekly meetings but in the general work of the association. In the past many students have labored under the delusion that the weekly religious meeting was the sole aim of the association. This is far indeed from the real truth of the matter. The object of the association is to create a Christian atmosphere in the college, to hold out a helping hand to the young women of the college at perhaps the most critical time in their lives as Christians and to help those who have not yet seen the light to a clearer and better vision.

Freshman Rules

Though somewhat belated, we are publishing the freshman rules for the benefit of interested alumni, as well as to remind the class of 1921 that they are still in full force and in all probability will be for some time to come. The old traditions of the college are never regarded as a joke by the upperclassmen, and in cases where it is found necessary the Senior Council will promptly relieve the mind of any doubting student, to whatever class he may belong.

1. Wear the regulation cap or class toque first appearing at chapel, and on every other occasion while in town, Sundays excepted, until notified by the Rules Committee. The cap shall be olive-green with a pink button 1 1-2 inches in diameter.
2. Wear plain white string ties with socks of like color for the first two weeks.
3. Do not wear corduroy or khaki pants.
4. Leave at home all prep school letters or numerals.
5. Run to all college recitations during the first week of the college year. Enter the Old Chapel at all times through the lower door and do not congregate or sit on the new chapel steps.
6. Must not smoke on campus or street, but must be able to furnish matches to upper classmen at all times.
7. Keep all "M" and numeral pipes out of your foul faces.
8. Walks were made for you to walk on; stick to them.
9. Salute the faculty and upper classmen and give them preference at all places of assemblage. Step lively!
10. Assist all managers and assistant managers and meet all athletic teams.
11. Do not appear at athletic contests with co-eds during the first semester, nor with a member of the fair sex for the first two weeks.

The freshmen women received orders from their worthy superiors, the sophomores, to appear at the Hemicycle at 1.30 Saturday afternoon in company with thirty-seven cents. Upon reaching the appointed place they were greeted in a fitting manner by the women of 1920, who explained to the freshmen their proper place and kindly gave them the following rules:

1. Green ribbons 4 inches or about that, to be worn, except on Sunday, around your necks and tied in a large bow; "fresh" on the back of the ribbon, printing to be worn on the outside.
2. Courtesy and salute all professers and upper class girls.
3. Use lower chapel door, always.
4. Keep off the green, green grass.
5. Always let the upper-class girls go first into the dining room and all other places.
6. Do not fold napkin and place it on the table until all upper-class girls have done so.
7. No high school banners, pins or other truck may be worn anywhere around here.
8. Children should be seen, not heard.
9. Always offer to carry the sophs' books.
10. Rise in the presence of upperclassmen.
11. Carry rules with you everywhere.
12. Be able to RECITE the rules to any soph who may request.

Upon their return from the Hemicycle the sophomores were confronted by stacked rooms: Who could have done it?
